IRISH DIVORCE CASE.

OFFICER WEG FOUGHT IN HOUTH AFRICAN WAR.

In the House of Lords on June 22 before Lords Halsbury, Loreburn, Atkinson, and Parker, a Bill to dissolve the marriage of Emily Ernestine Dooner with William Dundas Dooner, her husband, and to enable

her to marry again, was considered. It was stated by counsel that the respondent was a captain in the Royal Irish Fusiliers. He had taken part in the South African war, where he was severely wounded. When he returned he met the petitioner, and it was a case of love at first sight. The two were married in "October 1902. There were two children, a girl aged

nine and a boy aged seven. . The respondent, counsel continued, developed a bad temper, and used to fly into fits of passion, with his wife without any reason whatever. There were three acts of physical cruelty.

Counsel gave particulars of specific acts of violence in Hongkong and elsewhere. He informed their lordships that Captain Dooner said, when the case came on in .Ireland, that he was not in a position to contest the petition.

Evidence in support of the statement of connsel was called, and the petitioner descritted the acts of violence. The Bill was read a second time.

Colonel Yate asked the Secretary for Foreign Affairs whether he could give any information as to the present relations between China and Thibet if he had my official information that a Chinese expedition was on the march against Thibet; that reconquest was considered to be an essential preliminary to hargaining; and that the Chineso meant. to put forth great efforts to crush the Thibetuns; and if so, whether he would

adhere to his first declared intention not to acknowledge the Republic of China till the question of China's failure to adhere to the terms of Thibetan agreement had a been satisfactorily settled? gard to the facts asked for by the hon. and gallant member, I can add nothing the reply given to him on May 27. No doubt there is force in what the hon, and

SCOTTISH SPORT

(From Our Cun Correspondent.)

EDINAUROH. June 10. Rain greatly interfered with cricket in Scotland, and there were many drawn games. Fifeshire and Clackmannan County. made poor appearances against Forfarshire and Perthenire. The representatives of the "Ringdoni" had a splendid opportunity of defeating the Forfarians; but were quite Mr. Acland, who replied, said :- With unequal to the task. For once, Morfee, File, was overshadowed by his amateur colleague J. Paton, who had the fine analysis of 7 wickets for 37 runs. The batting of Fifeshire is not quite on the county level, and Winyard, who bowled well for Foriar took half of the wickets for less than 4 runs apiece. The fielding of

the Northern county was admirable, and played no small part in the victory. Clackmannan and Perthshire provide a marked contrast in size, and on Saturday direct proportion to their wees, for the "big coulity" had the ensiest of successes. Benskin was in form, and W. L. Fraser was also at home with the ball. I orthshire at the moment are shaping like probable Uddingstone and Kilburne had an even

draw un fer Western Union auspices. The village team seems to have lost much of its batting strength; some of their recognised, run-get ers have inexplicably fallen away. Glaso w University are afflicted with fits of bad fielding in their inter-university 850 Government exercised any and what con-matches, and, as in the case against Edinburgh, made a poor show in the field with Aberdeen. For the Northern Uni versity, C. H. Webster collected 53. of the small total, and took, 5 wickets for 31 runs The condition of the pitch was reflected consultation with the rest of the bankers | in the game between Northumberland County and Scotland's premier club. NAVAL AND MILITARY.

(From the "L. and C. Express.")

Lloub, Colonel, H. M. Graham, who has just completed four years at the head of the 1st Battalion South Wales Borderers. Chatham, was the last of the old Twenty Fourth " officers doing regimental service. He was posted to the Iwenty-fourth Regiment in August, 1880, and had thus almost a year's service with it before it became the South Wales Borlevers on July 1 following As a subltern he served with the Borderers in the Burmese Expedition, 1885-1888, for which he holds the medal with two clasps, was promoted captain in 1800, major in 1901, and on June 9, 1000, he was gazetted to the command of the 1st Battalion. His retirement is very much regretted, as he was a most popular commanding officer, and a link with the days when the regiment were the Roman numeral of

The command of the battalion has gone Major H. E. B. Leach, the senior major latterly serving as second in command of the 1st Battalion. Lieut. Colonel Seach joined the South Wales Borderers as recently as July, 1908, when he was transferred to blem from the Northumberland Fusiliers with a view to his promotion to the command when Lieut. Colonel Graham retired. Hospoined the "Fighting Fifth" in May, 1801, and reached field runk in August, 1904. He served as a mounted infantry officer in the South African War, including the perations in the Transvaal (Queen's medal with clasps) and from 1905 to 1908 was Assistant Military Secretary to the Commander-in-Chief at Gibraltar. General C. F. do Berry, who has just attained his 89th birthday, is a veteran of the Twenty-fourth | Regiment (South Wales Borderers) which he joined nearly 70 years ago. Ho served with the Twenty-fourth in the Punjab War of 1848, including the actions of Sadoolapore Chil-Sianwallah-where the regiment was terribly cut up-and Googerat, for which he received the medal with two clasps. He subsequently took part in the Indian Muting and rendered eminent services in that campaign.

Major-General F. H. Kelly, late Royal Engineers, has been selected to succeed Major-General Anderson as General Officer Commanding in South China. General Anderson is to be the new commander at Moerut-not Lucknow, as previously ro-

The eruisers Kent and Monmouth, on the China Station, are to be brought home for extensive refits at Portsmouth and Dovonport respectively. The Kent, which left China on oth ult., will call at Colome 15941 bo, Aden, etc., and arrive in Plymouth on August 8. - After refit she will be recommissioned for further service on the China Station.

. The premotions brought about by the retirement of Admiral Sir James E. Goodrich include that of Rear-Admiral T. H. the 11th July, 1913, commencing at 11 M. Jerram, C.B., to be vice-admiral, with eniority of June 4. Resr-Admiral Jerram has held the acting rank since January last, when he became Commander-in Chief-on the China Station. Captain William Christopher Pakeham, C.B., M.V.O. who is promoted to rear-admiral, was, we may recall, in command of the Daplins on the China Station, March, 1901, to April, 1902. In June, 1903, he was promoted to eaptain, and after two or three months' temporary service in the Naval Intelligence Department was senior Naval Attnehe at Tokyo, April, 1904, to May, 1906, including the greater part of the Russo-Japaneso War. For this service he was decorated with the C.B., July, 1905, as well as with the second-class of the Order of the Rising Sun; by the Emperor of Japan. In Decomber, 1911; ha mededed Bear-Admiral Madden at Junior Sea Lord, an appointment which will not be disturbed by his promotion to

A typical case in point is that of Madame Olive Schreiner, the gifted author, whose "Story of an African Farm " has become a literary classic. She writes from the Cape of Good Hope:-

"The effect of Sanatogen upon me has been most remarkable. Nothing that I have taken for years has given me such a sense of vigour and restored circulation. ALL-RED " ROUTE SCHEME.

LONDON TO SYDNET IN THREE WEEKS.

Some particulars regarding an Imperial "All-Red" Route scheme by which a week will be saved on the journey from London to Australia are contained in an article which appears in the June issue of the National Waterways Magazine," pubished in Washington by the National Rivers and Harbours Congress.

It is proposed, according to the writer of the article, Mr. Harry C. Plummer, to establish a car-forry service between Strangaer and Larno, whonce direct railway communication will be effected with Blacksod, the new Irish port. From Blacksod 26-knot fateamers of the Kuapp type will run to Cape St. Charles, fabrador, in three days, and thence mails, and passengers will be taken by rallway to Winnipeg in another 36 hours. From the metroplis of Manitoba to the Pacific coast one of three routes is to be selected by the promoters of the scheme.

It is claimed that the journ'y from London to Winnipeg, more than 3400 miles, will be performed in five days, while "Sanatogen is a sub-that from London to Sydney will be caver-stance of the highest ed in 21 days. The lowering of the time of passage between London and New York, Toronto, Pittsburg, Detroit, Chicago, and other centres of the United States and Canada is stated to have been an important consideration in the working out of the project, and it is contended that by travel] ling via Blacksod-Cape St. Charles Quebec it will be possible to take one day off the present fastest schedule between the British

capital and New York. of leading English Financiers are said to have already let contracts for commencing construction work upon the railway line which is to connect Blacksod with the northern cross-country routes of the existing Irish railway system. The steamship service will be operated by the All-Red Steamship Company, incorporated under federal charter by the Canadian Parliament

The milway to Winnipag is soon to be constructed under heavy Dominion subsidy The projected highway, with its come. BISHOP'S EXPERIMENT.

STEERAGE PASSENGER ON AN ATLANTIC

Bishop Brent, head of the Philippines diocese of the Episcopal Church. American off-shoot of the Church of England; has arrived at New York by the Caronia as a steerage passenger, for the purpose, as he told the reporters, of " being with the common people." A sensation is made by American newspapers out of the fact that a Christian prelate should sacrifice his personal comforts to travel with the

class of human beings." On returning to the Philippines Dr. Brent crossed by the Trans-Siberian Railway and took a steerage ticket in Liverpool for the Caronia. The liner was a day out before the ship's officers discovered the Bishop. They offered him first-class accommodation, but he declined, and many saloon passengers who wanted to meet him, where compelled to overcome their scruples and pay a visit to the steerage, where the Bishop had an ordinary small two-berth cabin to himself.

There were 1400 emigrants on board, mostly British and Scandinavians. Dr. Broat took his meals with them, pronoudcing the stearage fare excellent, and he mingled in cl se companionship with them throughout the voya e. To the reporters the Bishop said :-

"I came over steerage because I believe a'Bishop's place is with the common people I see no reason whatever for a Pishon travelling first c'ass."

Dr. Brent wanted to remain on board the Caronia overnight and go to Ellis Island with the steerage passengers, but an argent King and Queen regard films of current request met him on his arrival from the State Department-that he should go Washington immediately for a conference with Mr. W. J. Bryan, Secretary of State, on public opinion in the Far East concern ing the anti Japanese action of California in passing the Aliens Land Bill.

DIFFERENT TYPES OF WAR SHIP MACHINERY.

In the "Naval Annual " the situation us regards naval engineering is dealt with in a chapter "On the Compari-Machinery," by Mr. Alex. Richardson, of Engineering. As regards steamturbine installations, it is pointed out that in three or four years the weight of machinery, including all necessary auxiliaries, has been reduced from 140 Chinese in the Dominion, of whom 20,000 lb. to 100 lb. per shaft horse-power, in light cruisers from 100 lb. to 55 lb. or 60 lb. and in torpedo-boat destroyers from 50 lb. to 32 lb. or 3 1b. The consumption on the basis of oil has been reduced to about 1 lb per shaft horse-power per hour, while the aprice occupied has been reduced to 0.2 sq. ft. per shaft horse power he reduced to 6.7 lb. per shuft horsethiver at full power, and will be com- well us a pair of famille-noir vases of the siderably less at cruising speeds with Kang-He period, 20in, high 700 guineus. a practicable degree of superbent are also dealt with. Referee, Corpl. Coxon, R. E. Securing from the throw off, Bacon pu over to Dyson who swam in end caused Ashford to save. Play was quickly at 87th Coy's end where Court just missed with a tremendous shot. A few seconds later shot from him akimmed the bar. Bacon was the outstanding player for 87th Coy, and fine shot by him was well saved by Ashford Dyson, was right through from Bacon pass but, after a hard struggle Baker caught him and cleared. Play was even and determinedly contested to the intervi when the score sheet was blank.

The second half opened promisingly J. Burt was the first to make a good effort for 89th Coy., then Bac n was conspicuous with two splendid shots, which Ashford saved. From a foul clese in, Crawford shot inside the post and despite 88th Coy's appeal for a goal the Referee was against them. J. Burt was on the mark with a fine backhanded throw. Becon got off to the other end and, going right through scored the opening goal for 87th Coy. Only a few seconds remained for play and Court up ted for 88th Coy., but a foul was given and at the other end Bacon scored the second for 87th Cay. Result :-87th Coy., R. VICTORY OF ME. ABLE MITCHELL

SPORTSMAN, June 14.

There was a let of interesting golf at Walton Heath yesterday in the annual competition for the gold cup presented by the proprietors of "Go'f Illustrated." There were 91 entries. This was not s record in point of numbers, but the eventhad never previously brought together so many guifers of the front rank. They included the holder of the strophy. Mr. Robert Harris, Mr. Abs Mitchell, Mr. H. D. Gillies, and Mr. Heinrich Schmidt, the American. Mr. Angus Hambro, M.P., and Mr. H. W. Ferster, M.I., would have competed, but they were attending the funeral of the late Mr. George Wyndham. The weather conditions were perfect, and the amateur record for the green 80-was beaten many times in the course of the

"Mr Harris, having won on the two previous occasions, only had to head the list ye terday to make the Vase his own property. He failed, however, and the victory went to Mr. Abe Mitchell with two good rounds of 77 and 73. At the end of the first 18 holes Mr. Mitchell and Mr. Harris were level. The latter spoils hi chance with two bad heles in the afternoon. He tegan with three As in the ntorning. On the first green he took three putts. At the second, second, after a very long drive, he got on to the road with his second, and he was bunkered from a very ong drive at the third. After this he scarcely made a mistake. His bad roles in the afternoon were the first and the short. He topped his tee shot in the pond and began with a. 6, and at the eixth be was bunkered, took three to recover. The result was that the outward balf cost him 45. He finished the round in 80. Mr. Mitchell made one or two mistakes. but they were not serious ones. Coming home in the morning he took throughtts on each of four groens-the tenth, twellin, sixteenth, and seventeenth. At three of these boles he was not more than six yards from the pin with his approach. He improved on his first round card by a couple of strikes in the afternoon. At the aixth he took 2 to get out the bunker, but was down in 4, and at the eighth and ninth he lost strokes through poor second shots. twelfth, but took 4, and he also required three putts on the last green. This was the best single-raund score of the day and gave him third place on the list. Mr. Hilton was not making many serious mistakes, but strokes dropped here and there lost him his chance. An 83 in the morning practically put him out of the running. He had three i's coming home, one so the thereenth. and another at the eighteenth. On each of the last two greens he required three putta. Mr. Fred Easlie, the well-known actor, played two steady rounds of 87 and 31. but Mr. Schmidt did not show his bestform. GROWTH OF THE TIENTSIN CONCESSIONS.

Although the development of Tientsin is not perhaps procueding at the pace. it did hat year, yot there are abundant sign a of activity in every direction.

As was mentioned in the report of the British Municipal Councils In our last issue, the next work on which Councils will ongage is in the improvement of the Bund Road, which has been allowed to fall into a sad state of disrepair." Save for the last four hundred yards, from beyond the Bentsin Club to the edge of the German Concession the Victoria Read has been treated on the tar macadam principle. The work has been in progress for some wooks, and although some incomvenience to traffic has been caused, yetthe result is one on which those responsible may fairly be congratulated as a wholehearted attempt to tackle the dust problem; but if the road will wear well and always preserve that pleasing smoothness and springiness remains to be seen Coolies are at work on the Bund in patting forward the operations, of road reconstruction or rather reclamation. Town making, however, is a now process. Rome was not huilt in a day, and similarly Tiontsin will take many years to develop. to its uttermost capacity. It is, however, a pleasant prospect for the British community to contemplate the undeveloped area the Extra Mural Area which will offer opportunities for expansion for many years

The French bund from the opposite side of the river presents an imposing appearance with the reinforced concrete banks. One of the greatest improvements ever effected in Tientsin was the cutting off of the elbow of the river just bel w the International Bridge, and the consequent demoliti n of the Power House, and the enterprise of the Municipality has been rewarded. The bunding work is still in progres, and the avowed policy of offering. every inducement to shippers to berth higher up the river is being steadily pur sued. The result is self-evident. Another direction in which the Municipality is making rapid progress is in the reclaiming of the marsh land, and the filling of the poud, whereon will be constructed in future days a park, which it is hoped will be the

centre of a pretty residential district. In the Japanese Concession godowns of a modern and substantial, type are spring ing up and engineering works on the river

bank are projected. To the most casual observer it is apparent that the German "Concession is el iming its full share of development. Houses are springing up all over this Set lement and its natural beauties offer many inducements for house-builder which are eagerly being availed of, many by British residents. The work of rec'aiming what was but a short time ago beyond the Canal a quagmiro, has been completed. Extensive sewerage and drainage schemes are in progress and one of the best indices of the virility and . The problems which face the elected

On the opposite side of the river, the goal by the same road. The recent taking work of the Russian Government making a temporary though substantial wall in front of the Consulate, to preven constant washing away of the bank has been completed. It was only just in time. The increased tide force, consequent upon the opening of the Fourth Cutting, would have had no greater effect anywhere than on the soft bank at the Russian Concession at the slight bend off the Consulate. A comprehensive bunding scheme, practically from end to end of the Concession, is at present in abeyance. owing to the action of two property owners, who refuse to come under Russian jurisdiction, danying the instigators of th scheme the privilege of hunding in front of their property which is at the river edge, It is hoped for the future progress of the Russian Concession that way can be found out of this impasse. - Moinwhile the Con-Particulars of some interesting forth- | custion is developing internally. Pretty little red brick houses are springing up on and around the the main road of the Concession, and building activity is far from being confined to

DUTY AN' DISCIPLINE.

A ROYAL EXAMPLE.

In connection with the " Duty and Discipline" movement, a meeting was held at Devoushire House, Piccadilly. In the absence of the Duke of D vonshire, the chair was occupied by the Earl of Mosth. The chairman said that they hid in his Majesty the King one who recognised the meaning of the two words "duty" and discipline." He recalled two stories to illustrate the statement. One related to an occasion when the King, then a Prince and a naval officer, arrived at the Porb of Gibraltar, and rowed for an hour and a half in the teeth of a gale in order to pay respect to a senior officer. . Another incident reforred to an order given to the Prince to run out's Erpedo-boat when he much de sired to attend Goodwood races. FACE BLEMISHES

Arms and Chest, Pain at Times Unbearable. Ashamed to Be Seen. Cuticura Scap and Cuticura Ointment Left Skin Clear and Fresh.

89, Albert Read, Dalston, London, N. E.; Eng.—"For some years I suffered from many face blomishes which gradually spread round my neck, arms and chest. The pain at times, was unboarable and they caused a continual itching and irritating feeling. At night I could get very little sloop and of a day time I felt schamed to be

"A friend who had notierd my condition sent me a little Cuticura Cintment. At first I hardly thought it worth a trial, as everything else had falled. One night the itching was very bad and I felt as if I could tear. the skin from my face. I took the Cuticura Ointment, and after washing my face. and neck in warm water I rubbed it gently on the places inflamed and itching. Very quickly I found it gave relief and in my delight I purchased a box of Cuticura Ointment and some Cuticura Scap. By the time I had used a third box the blotches had quite disappeared, leaving my skin how it had nover been for years, clear and fresh." (Signod) Arthur E. T. Robinson, July 1

Cuticura Scap and Cuticura Ointment are sold throughout the world. A sample of each with 32-p. Skin Book free from nourest depot: F. Newberr & Sons, 27, Charter-house Sq., London; Potter Drug & Chem. Corp., Boston, U. S. A.
